The McKinney-Vento Homeless Education Assistance Improvement Act of 2011 (107-110) states that homeless children are to have access to education and other services. The McKinney-Vento Act specifically states that barriers to enrollment must be removed. Children and youths who **lack a fixed, regular, and adequate nighttime residence** are eligible to receive services under Title VI, Subtitle B of the McKinney-Vento Act. Please understand that many refugees/unaccompanied youth may temporarily resettle in hotels, which makes them eligible for services under the Act.
